ENT FESS Suction Punches and Forceps

02/11

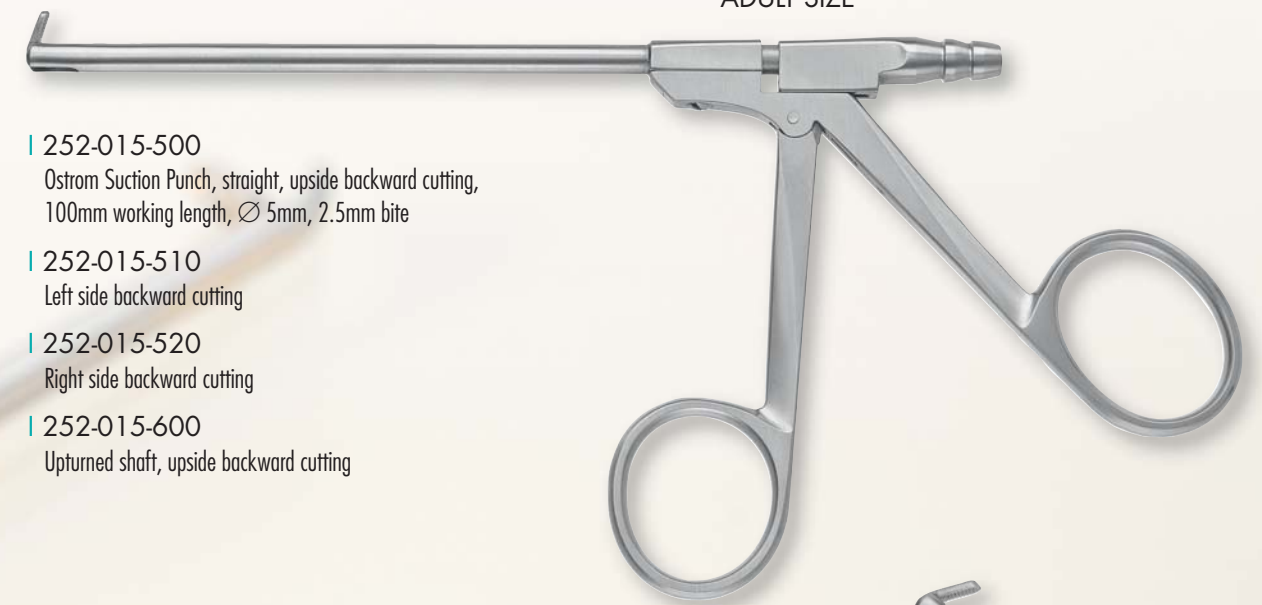

ENT FESS SUCTION PUNCHES AND FORCEPS

For many years RZ Medizintechnik GmbH offers a wide range of special ENT instruments. Today RZ Medizintechnik GmbH presents the latest products in ENT surgery - FESS Suction Punches and Suction Forceps.

RZ FESS Suction Punches and Suction Forceps feature an integrated suction channel with 3 major benefits for the surgeons:

1. Tissue will be retracted inside the jaws for safe and precise cutting.
2. Tissue parts will be automatically aspirated for continuous working without instrument removal.
3. Blood and other fluids can be easily aspirated for a clear view during surgery.

ADULT SIZE

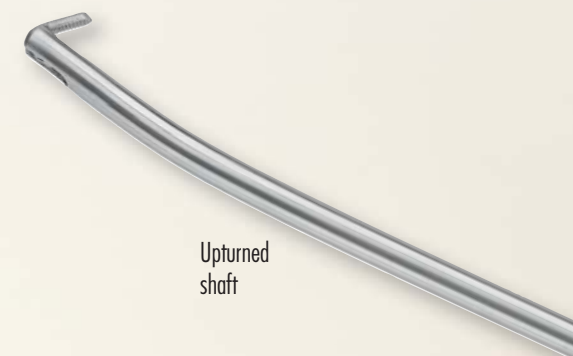

- | 252-015-500
Ostrom Suction Punch, straight, upside backward cutting, 100mm working length, \varnothing 5mm, 2.5mm bite
- | 252-015-510
Left side backward cutting
- | 252-015-520
Right side backward cutting
- | 252-015-600
Upturned shaft, upside backward cutting

Backward cutting

Integrated suction channel

Upturned shaft

PEDIATRIC SIZE

- | 252-015-300
Ostrom Suction Punch, straight, upside backward cutting, 100mm working length, \varnothing 4mm, 2.0mm bite
- | 252-015-310
Left side backward cutting
- | 252-015-320
Right side backward cutting
- | 252-015-400
Upturned shaft, upside backward cutting

| 252-502-100
Thru-cutting Biopsy Forceps with suction, 2mm bite,
straight, 100mm working length

Thru-cutting

Integrated
suction channel

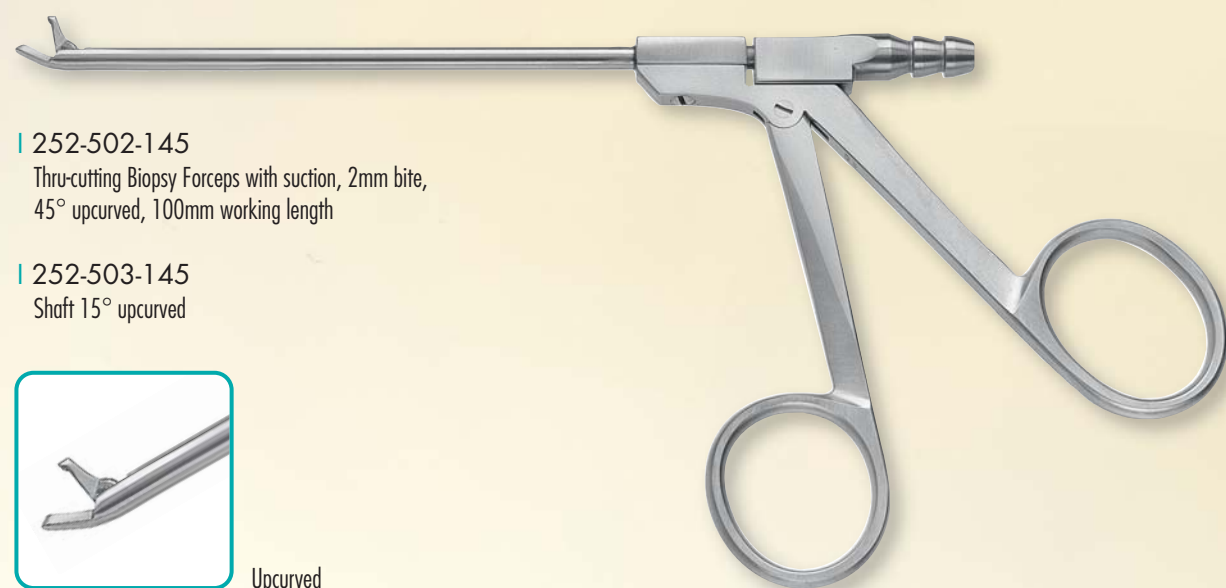

| 252-504-100
Thru-cutting Biopsy Suction Punch, frontal suction channel,
detachable, 100mm working length, 2.5mm bite

Frontal
suction channel

Detachable

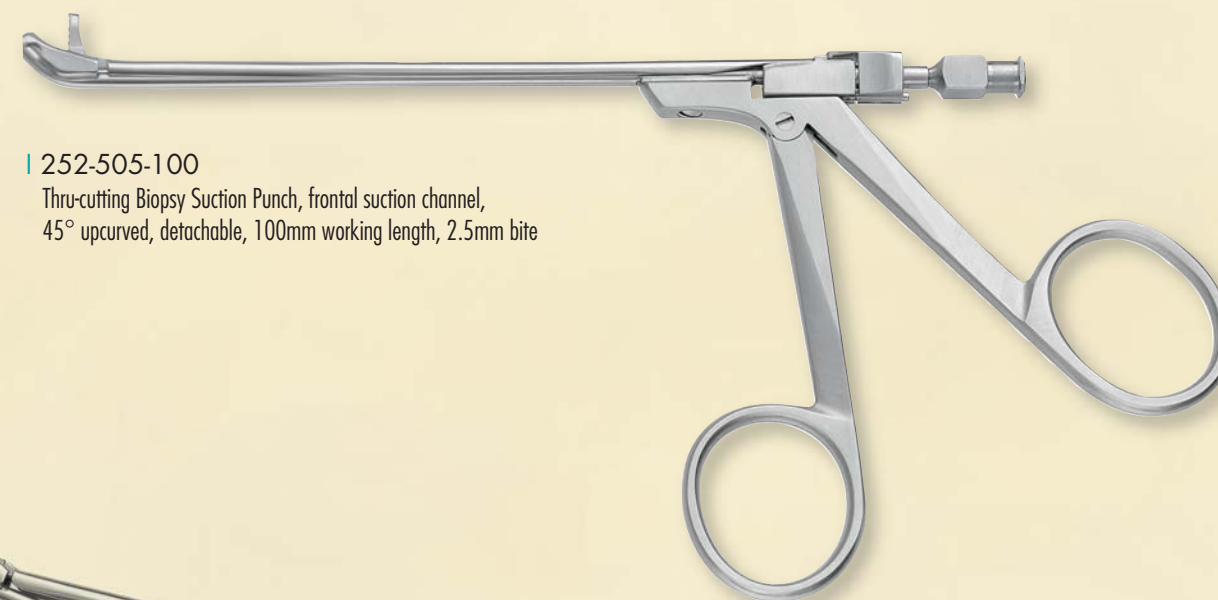

| 252-502-145
Thru-cutting Biopsy Forceps with suction, 2mm bite,
45° upcurved, 100mm working length

| 252-503-145
Shaft 15° upcurved

Upcurved

| 252-505-100
Thru-cutting Biopsy Suction Punch, frontal suction channel,
45° upcurved, detachable, 100mm working length, 2.5mm bite

Detachable for easy
and efficient cleaning

| 252-010-035
Takahashi Suction Forceps for biopsy and grasping,
straight, 100mm working length, \varnothing 4mm, size 1, 3.5mm

| 252-010-025
Size 2, 2.5mm

| 252-011-035
45° upcurved, Size 1, 3.5mm

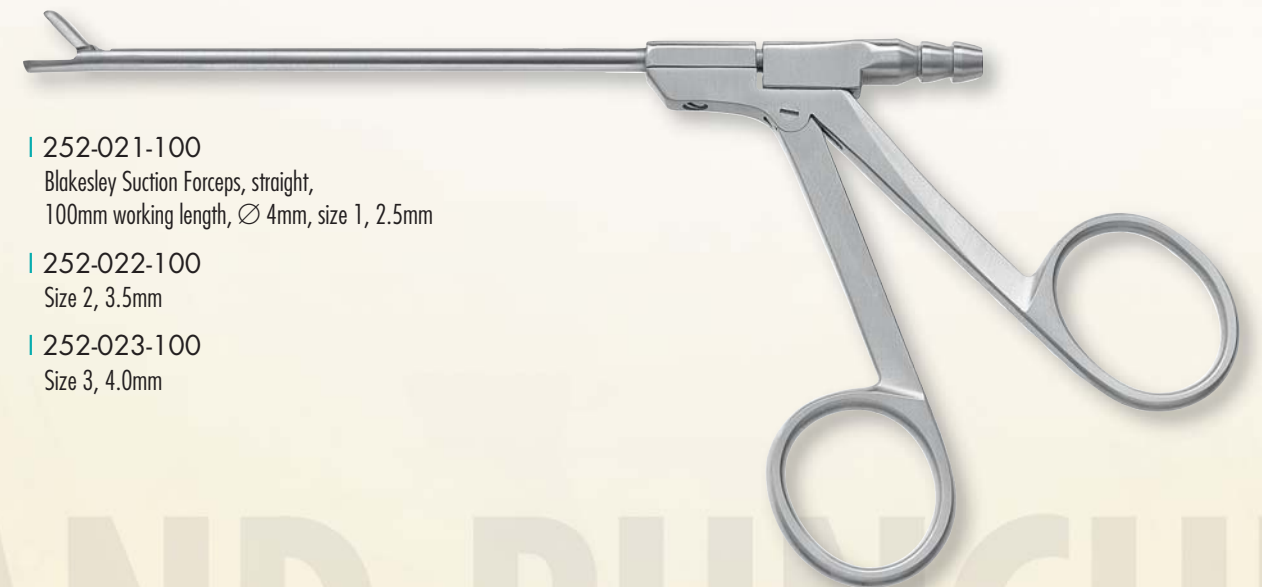

| 252-011-025
45° upcurved, Size 2, 2.5mm

Takahashi
jaw

Integrated
suction channel

| 252-021-100
Blakesley Suction Forceps, straight,
100mm working length, \varnothing 4mm, size 1, 2.5mm

| 252-022-100
Size 2, 3.5mm

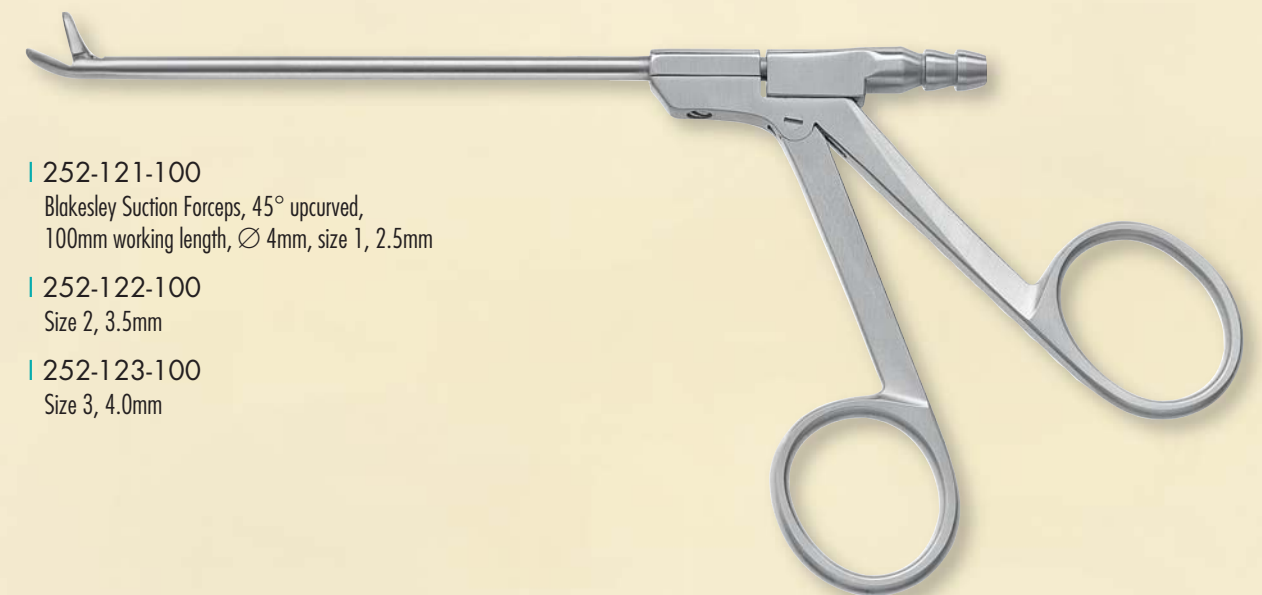

| 252-023-100
Size 3, 4.0mm

Blakesley
jaw

Integrated
suction channel

| 252-121-100
Blakesley Suction Forceps, 45° upcurved,
100mm working length, \varnothing 4mm, size 1, 2.5mm

| 252-122-100
Size 2, 3.5mm

| 252-123-100
Size 3, 4.0mm
